## PROJECTS

### duckPics

*JavaScript, React, mongoDB, express*

An instagram clone made in react where you can follow other users, like posts, share your own photos, create stories or have private messages

### Tic-Tac-Toe

*HTML, CSS, JavaScript, jQuery, bootstrap, git, github*

A front-end javascript project that allows a user to play games against an AI player

### Community

*JavaScript, jQuery, Canvas, Ruby, Rails*

Community is an online multiplayer space that allows you to meet up with friends, chat and hang out in a virtual environment

### Due in Seven Days

*Javascript, jQuery, Handlebars, Bootstrap, Ruby, Rails*

A to-do app that has a seven day deadline. Earn points, buy themes and complete tasks!

### bloggle!

*HTML, CSS, JavaScript, jQuery, bootstrap, git, github*

An online blogging platform where you can see others posts, share your own as well as comment on others

## RELEVANT EXPERIENCE

### Software Engineer Fellow

*General Assembly, 2019*

General Assembly's Software Engineer Immersive is a full-time, 12-week program in Boston. 600+ hours of in-class learning and self-motivated study to hone skills in full-stack web development, including front end frameworks, back-end development, and API interaction.

## ADDITIONAL EXPERIENCE

### Apartment Rental Experts

*Rental Consultant 2017 - 2019*

Worked directly with clients and landlords to negotiate rental conditions and facilitate paperwork to ensure all standards were upheld and a mutual solution was found

### SellBoston / RE/MAX Leading Edge

*Marketing Coordinator 2016 - 2017*

Worked to deliver high quality print and digital materials as well as launch successful social media campaigns and create data analytic reports while performing administrative tasks

### Centerplate

*Food and Beverage Manager 2010-2015*

Managed a team of 50+ bartending staff for events at venues such as The Boston Opera House, Blue Hills Bank Pavilion and the Orpheum Theatre while performing scheduled corporate reports
